A FATAL COLLISION.

Big Four Train Struck an Electric Car at Indianapolis.

Some Witnesses Claim the Air Brakes Failed to Work and Others Blame the Accident on the Traction Car Conductor.

Indianapolis, Ind., July 26 .- Two persons were killed and several injured in a collision between southbound Big Four passenger train No. 18 and a westbound Prospect-Blake electric car at Washington and Missouri streets at 6:05 o'clock Monday night.

The locomotive struck the front of the electric car, throwing it a distance of 20 feet to one side, its direction being almost reversed. The train was stopped within a few yards of Washington street, and the crew assisted in clearing the wreckage and caring for the injured.

An emergency call was sounded and the arrival of patrol wagons and ambulances, coupled with the fact that the street was at that hour being traversed by hundreds of people who were on their way home from work, caused a panic, which made it almost impossible to learn the number of dead or ascertain the extent of the injuries to many of the passengers who were rushing about seeking relatives or friends among the fellow passengers.

The cause of the accident is not clear. Conflicting stories are told by passengers and witnesses, several of ined for residence in this district with whom say that the motorman applied the air brakes which failed to respond. Others claim that the conductor of the electric car failed to proceed ahead of the car for the purpose of seeing that the track was clear.

Within a few minutes after the injured had been hurried to the hospitals and the dead transferred to the morgue, officials reported that four were killed.

MILITARY RULE ENDS.

Cripple Creek District Placed Charge of Civil Authorities.

Denver, Col., July 27.—Gov. Peabody Tuesday issued a proclamation calling off military rule in Teller county and placing the Cripple Creek district in charge of the civil authorities.

This action was taken by the governor in face of opposition from many influential citizens of Cripple Creek, who desire to prevent deported union miners from returning to the district. Before issuing his order, however, the governor received assurances from Sheriff Edward Bell that his forces were able to control the situation.

The military expenses of the state during the past 18 months due to strikes are said to aggregate about \$1,000,000.

No troops are now under arms anywhere in Colorado, and good order prevails in all the mining camps.

The following official report of the military court, or board of inquiry, which was established here on June 8, was given out Tuesday night, as follows:

"The commission assembled at once and proceeded to examine all parties appearing. The number of those appearing was 1,569; the number recommended for deportation, 235; for trial in the criminal courts, 42; and 1,289 were ordered released.

"Of those recommended for deportation, the list was composed of agitators, ore thieves, keepers of fences for stolen ore, habitues of bawdy houses, saloon bums and vagrants. The examination was conducted along the line of desirability of those exama view to peace and law observance, and no other purpose was had in view

in the recommendation." John Fisher, Joseph Fisher, John Schmidt and John Miller at 9:15 o'clock Tuesday night were driven from their homes in the suburb of Hollywood, about a mile east of this city, by three or four men. John Fisher escaped and came to military take the places of the strikers a headquarters, where he made known the facts. What has become of the other three has not yet been learned. Fisher states that he is a non-union man and has been a resident of the district for 11 years. The three men who were driven out with Fisher are also non-union men. Fisher said he did not know any of the vigilantes.

They Refuse to Handle Non-Union Made Meats.

Those at the Stockyards Station of the Chicago Junction Road Join the Striking Butchers and Allied Trades Unionists.

Chicago, July 26.-With all peace negotiations broken off and with all the allied trades unions employed at the different plants, with the exception of the teamsters and the stationary engineers, out on strike in sympathy with the butcher workmen who quit work two weeks ago, the stock yards strike Monday night had settled down to what promises to be one of the bitterest fights between capital and labor in the history of America.

Chicago, July 27.-The sympathetic strike at the stockyards was complete Wednesday morning. The belated sanction of the teamsters joining their brother workmen in the general strike was given Tuesday night by the officers of the International Teamsters' union, and the 700 drivers employed in the packing industry in Chicago quit work.

Chicago, July 28.-An unexpected complication arose Wednesday night when the freight handlers employed at the stockyards station of the Chicago Junction railroad went on strike. The men gave as their reason for quitting work their unwillingness to handle meat turned out by non-union workmen in the packing plants.

While the number of freight hanclers employed at this station is only 40 men, still their decision to join the sympathetic strike is a severe blow to the packers, as the greater portion of the dressed meats shipped from the yards to the local trade passes through the hands of these men. Should non-union men be engaged to strike of the union switchmen may follow. With the switchmen out it would be only a matter of a short time until the strike would spread to the other employes of the railroad.

When the union teamsters went on strike the Chicago Junction railroad was depended on by the packers as a means of supplying their down-town customers. The strike Wednesday night, however, leaves the packers without an outlet for supplying the city trade unless non-union men can be obtained to take the places of the strikers, or non-union teamsters be RYE-No. 2 employed to make city deliveries. An PORK-Mess12 80 attempt to deliver meat with nonunion teamsters would without doubt precipitate rioting, as the new men would be harrassed by strike sympathizers from the time they left the yards until the time they reached their destination. Two years ago, dur- PORK-Family ployed to make deliveries under police protection and some of the worst riots in the history of Chicago took place

"We had an agreement with Mr. Donnelly's organization and the allied trades which they have failed to live up to and under the circumstances we do not care to make any

This is the statement which was signed by the representatives of the packers and handed to the members of the board of arbitration Wednesday night at the end of a conference between the two bodies, held at the request of the state board in an endeavor to bring about another meeting between the packers and the strik-

The packers received the state board courteously and listened to their arguments for a peaceable adjustment of the difficulty. The announcement that the packers were opposed to any further peace negotiations with the strikers was handed to the board by Arthur Meeker and Thomas Connor, both of the Armour Co., who represented the packers. While from their statement it would appear that the packers are opposed to meeting the strikers again on any terms, such is not the case. At the last conference between the strikers and the packers the latter informed the union leaders that any time they expressed a desire to live up to the original arbitration agreement, signed a week ago, which provided for the reinstatement of the striking butchers inside of 45 days and for all grievances to be submitted to arbitration the packers would be willing to renew the agreement.

Proved Beyond a Doubt.

Middlesex, N. Y., July 25.—(Special)—
That Rheumatism can be cured has been proved beyond a doubt by Mrs. Betsey A. Clawson, well known here. That Mrs. Clawson had Rheumatism and had it bad all her acquaintances know. They also know she is now cured. Dodd's Kidney Pills did it. Mrs. Clawson tells the story of her cure as follows:

of her cure as follows:

Miss Nellie Holmes, treasurer of the Young Woman's Temperance Association of Buffalo, N.Y., strongly advises all suffering women to rely, as she did, upon Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM: - Your medicine is indeed an ideal woman's medi-cine, and by far the best I know to restore lost health and strength. I suffered misery for several years, being troubled with menorrhagia. My back ached, I had bearing-down pains and frequent headaches. I would often wake from restful sleep, and in such pain that I suffered for hours before I could go to sleep again. I dreaded the long nights as much as the weary days. I consulted two different physicians hoping to get relief but finding that their medicine did not seem to cure me. I tried your Vegetable Compound on the recommendation of a friend from the East who was visiting me.

"I am glad that I followed her advice, for every ache and pain is gone, and not only this, but my general health is much improved. I have a fine appetite and have gained in flesh. My earnest advice to suffering women is to put aside all other medicines and to take Lydia E. Pinkham's Vegetable Compound." - MISS NELLIE HOLMES, 540 No. Division St., Buffalo, N.Y.—\$5000 forfett if original of above letter proving genuineness cannot be produced.
